*Tell me, why is the media here so negative? Why are we in India so embarrassed to recognise our own strengths, our achievements? We are such a great nation. We have so many amazing success stories but we refuse to acknowledge them. Why?*

## Where the Mind is Without Fear

Where the mind is without fear and the head is held high  
Where knowledge is free  
Where the world has not been broken up into fragments  
By narrow domestic walls  
Where words come out from the depth of truth  
Where tireless striving stretches its arms towards perfection  
Where the clear stream of reason has not lost its way  
Into the dreary desert sand of dead habit  
Where the mind is led forward by thee  
Into ever-widening thought and action  
Into that heaven of freedom, my Father, let my country awake

- Rabindranath Tagore

“Young India, India of today,  
Says we're  
Totally against the bloody evil  
Of corruption  
That eats away our economy, our peace,  
Our lives.  
  
And so it comes forward,  
And unites,  
Under the faces of Janlokpal Bill  
And Anna Hazare  
To voice out its concerns about corruption”

- Revant Soni

## The Theme - "JAN LOKPAL BILL"

The people of India have the desire to redeem the value of human life. It focuses on socio-political & economic upliftment of the victims of social apathy. The Jan Lokpal Bill aims to effectively deter corruption, redress grievances of citizens. If made into law, the bill would create an independent ombudsman body called the Lokpal (Sanskrit: protector of the people). It would be empowered to register and investigate complaints of corruption against politicians and bureaucrats without prior government approval.

Frisson 2011 is about engaging citizens and representatives alike which will bring democratic evolution and achieve its destiny. It is **YOU** who will help us achieve this destiny for it is **OUR** collective destiny.

*Civilizations have arisen in other parts of the world. In ancient and modern times, wonderful ideas have been carried forward from one race to another...But mark you, my friends, it has been always with the blast of war trumpets and the march of embattled cohorts. Each idea had to be soaked in a deluge of blood..... Each word of power had to be followed by the groans of millions, by the wails of orphans, by the tears of widows. This, many other nations have taught; but India for thousands of years peacefully existed. Here activity prevailed when even Greece did not exist... Even earlier, when history has no record, and tradition dares not peer into the gloom of that intense past, even from until now, ideas after ideas have marched out from her, but every word has been spoken with a blessing behind it and peace before it. We, of all nations of the world, have never been a conquering race, and that blessing is on our head, and therefore we live....!*
